WHY DO WE  
NEED A  
REVOLUTION?

"When I first began teaching more than 25 years ago, hands-on exploration, investigation, joy and love of learning characterized the early childhood classroom. I'd describe our current period as a time of testing, data collection, competition and punishment. One would be hard put these days to find joy present in classrooms."

~ Susan Sluyter, veteran early childhood teacher who left her job with "deep love & a broken heart"
